

Yarn Policy

Knit Picky does its best to estimate the amount of yarn needed for projects. Because all people stitch differently, you may finish a project with extra yarn or not enough yarn.

To avoid having less yarn than needed, notice how much yarn you are using along the way. The sooner you let us know you may need more yarn, the better. We can usually determine your needs after you use one ball of yarn for any given project. We are here to help you at anytime.

If you buy more than you need, you may return any unused ball of yarn for store credit.
